These are the sounds of a heart breaking, and then beating stronger than it ever has before. Contemplative and haunting, The Rousing captures the duality of darkness and redemption. 6 MP3 Songs NEW AGE: Space, ELECTRONIC: Chill out Details: Having overcome mysterious and searing pain in her ears, a decade of near sequestration from sound, and most agonizing the loss of music as her lifes blood, Minors debut album, The Rousing represents her musical and lifes rebirth, like a blind man miraculously regaining the gift of sight. With its evocative and lingering melodies, The Rousing becomes a kind of journey. Though borne from a dark place, it is a journey of healing, where ones innermost desires and truest self are gently roused, and areas of tension in ones life are washed away like words written in sand. Upheld by subtle electronic textures and percussion, brooding yet uplifting, each piece becomes its own soundtrack, creating a vivid image in the mind of the listener. This album is, at its core, about awakening... to self, second chances, to destiny. It is for anyone in search of space, soothing, beauty, escape, and most of all hope. For no matter what circumstance you may find yourself in, this album is proof positive that miracles do happen, and reassurance that even the darkest of hours can transform themselves into light-filled possibility, if you but persevere. Go ahead, dare to arouse the possibility within you, and life, once again. Perfect for massage, yoga, any kind of contemplative activity, "meditative" commuting/driving, chill out/relaxation. Experience an incredibly restful sleep with this playing softly while its imagery takes you away... People who are interested in Moby Cirque du Soleil Boards of Canada should consider this download.
