Hollywood In The GHETTO.. OneManGanG 11 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Hardcore Rap Details: I remember when they use to call it "thieveland", but it really is pronounced CLEVELAND... A city in Ohio where one slip up and that could be it. I love this place.... You can have \$20 dollars in your pocket go down the street and turn it into \$100, and still have time enough to goto the club or to the Browns game, and your only 14 years old.. It's not all negative though... One place where you can learn to hustle is in the Church... giving shoutouts to Church... I didn't feel like writing a book, so I'm here to tell the story Hip Hop style, and be warned there's one of us in every city..... "Smoken RobUson" aka Stoski
