The Saturday version of the Predict Lotto Numbers With Hypnosis includes hypnotic suggestions that are specific for any Lotto Game that is drawn on Saturday. In this session you are prompted to predict the six main winning numbers of the next Saturday Lotto of your choice. Hypnosis is a wonderful tool for bringing the powers of the mind to the surface. Under a light trance, "normal" some subjects are able to display heightened intuitive abilities, others are able to provide clear solutions to their challenges, and some subjects even display clairvoyance and remote viewing abilities. This wonderful Hypnotic session will relax you, induce a light trance and set up a scenario where you will be prompted to predict up to eight winning lotto numbers for the game of your choice. Therefore, you can use this video to help you pick numbers for any lotto game anywhere in the world. Before starting the hypnosis session, write down on a piece of paper the name of the game that you intend to play; include the place of draw and the date and time if possible. The hypnotist will prompt you to "see" the numbers one by one up to eight numbers in sequence. So, for example, if your game plays 5 numbers and a power ball, keep answering the hypnotist for the first 6 numbers, the last number being the power ball. For more information visit our website at
