Stacy clearly is inspired and inspires others from her overflow of love and priority for family and home and it is beautifully translated to the pages of her cookbook. Anyone with a desire to be healthier, dine on exceptionally delicious and surprisingly simple food, and get back to the natural ingredients that were meant for the body, needs this book. Stacy writes from a passion that wild venison, turkey, duck, quail, pheasant, fish, fruits, and vegetables without hormones, antibiotics, pesticides, and without being genetically modified are the most nutritious and tasty foods that one can eat. She states that whether you hunt, fish, and gather yourself, or whether you purchase from a reputable harvester and shop at farmers markets, changing your eating habits to wild foods is the best choice in health you will ever make. For many, preparing wild game seems to be a daunting task. In her book, not only does Stacy give the information needed to melt away any intimidation of cooking from the wild, but she also gives the techniques to simplify the process of making succulent, excellent meals. Her tried and true recipes come from a heart to love her family through cooking extraordinarily delicious food gathered from the garden, and hunted and fished from the wild.
