

A Clinician's Guide To Systemic Sex Therapy - , Gerald R. Weeks

A Clinician's Guide to Systemic Sex Therapy provides readers with an integrative and comprehensive theory in guiding their clinical practice. Pragmatically oriented, this text walks clinicians through diagnosis and treatment with resources such as tables, graphs, flow charts, and implementation strategies. The text does not rely on only visual elements, however. Acknowledging that information needs to be guided by a theory that can be translated into practice, the authors use the Intersystems approach to provide a comprehensive perspective in understanding and improving intimate and sexual relationships for clients. A Clinician's Guide addresses and fills the lack of theoretical integration in the practice of couple and sex therapy and provides a relevant follow-up to the authors' extensive text, Systemic Sex Therapy (Routledge, 2008). This book is an essential roadmap for translating theory into practice and trains clinicians to give their clients the most thorough and valuable assistance possible. Author: Hertlein, Katherine M.
