

Busy Train Station Waiting Hall Atmos (sfx Sound Effect Wav)

[DOWNLOAD HERE](#)

This 90" file was recorded in a waiting hall for a busy London train station. In it you can hear that chatter of waiting passengers aswell as the hustle and bustle of people walking past. There is also the whistle of a train guard in the background. All files on sale by Sevenleaf SFX have been recorded by professionals and are available for you to download as 16 bit 48kHz stereo wav files. Previews are low quality mp3 files with security watermark beeps. Purchased files are broadcast quality wavs without watermarking.
