Deep vivid vocal's and melancholy simple guitar work woven through some of the greatest songwriting since the day's of lightfoot, or croce, no gimmick's here, just the real street deal. a percentage of proceed's goes to FOOTHILL UNITY CENTER by the way. 21 MP3 Songs FOLK: Folk Blues, BLUES: Acoustic Blues Details: Dave Osti In The West reaches into the soul of the common man, armed with acoustic guitar and imaginative stories. these twenty one tunes are booby trapped with trigger phrases that every day people can use comparatively in their own lives, maybe its because the author was brought up in a family structure centered around the virtues of manual labor, or the fact that he quit school in 7th grade because he didn't want to forget song's when they randomly channeled through his soul in the middle of history class. between the glorious 70's and now Dave Osti has covered alot of ground in a musical sense, he wanted to be a drummer, then one day picked up the guitar, one year later he was playing crummy bars at the age of thirteen and hiding a beer behind his left leg in case the cops showed up, if you see him today his bodily posture tells the whole story, 30 years of shoveling dirt, the beer behind the leg, and the battle between the soul and the hand in real time. this collection of songs are intentionally sparse in nature and break things down to word's, melody, and guitar for the most part, sure he can tear ya a new one on a stratocaster, but thats a different story, This story is called DAVE OSTI IN THE WEST.
