Danceable soundscapes from another nearby world. Pulsing polyrhythmic nirvana from one of the world's most eclectic and electric musical minds. 10 MP3 Songs WORLD: World Fusion, ELECTRONIC: Soundscapes Details: Zen Engine is an exploration of tonality and polyrhythm. What's to say? An abundance of drums, texture and guitar populate this recording. Each piece has elements that are woven through other pieces. Modality, xenocrony, dissonance, harmony all have their place here. Close your eyes. Vast landscapes appear. Open your mind. You can go there. Dance. Your feet won't want to stop. The end is the beginning. The beginning is the end. Turn the key, start the Zen Engine. "I would offer this album as excellent listening music for driving at night to points unmapped."
