Details: This composer and singer is an architect born in Argentina. He moved to Spain when he was very young and became a world famous designer. Over the last couple of years he's come into his real passion: music. After some years of intense musical work he presents: LIFE IS A SHORT ETERNITY, a collection of songs showing different emotions, sometimes dark, sometimes with a touch of acid humour. In this album he has collaborated with different musicians from Argentina, Spain and France. Gustavo Garca Mendy: piano keyboards Oliverio Sofa: drum programming Paksel: guitars Philippe Picon: keyboards, David Riberas: bass, guitars, sax and keyboards. Intensity, from the start, accelerating - and almost a heart beat, connected to me. A breath away -immediately, thrilling and private in spite of other ears, other eyes, - anticipating your knowing words, but always soothing. "it is hard to remember the day you brought me here"..., just as it is now with your resonant, hauntingly masculine voice, while the voicings,the beats and bongo of the blood flow back to my bebop heart when the world was young and so was i - i do want to feel - i feel just listening., gracious you, wonderful you you are a star! Lady Haig author The eyes, the mirror to the soul, reveal much. You have seen much beauty and much pain, yet your spirit is strong and your music is timeless!!! Lyric Laceil Beautifully nice ambient comforting music...Life is a short eternity. This song reminds me of sitting by the window watching smooth falling rain while sipping a nice mug of hot chocolate in the morning and just wanting to relax and enjoy everything and take it easy and breathe from the stresses of life. God bless you. Thanks! Goa Lua
