Cross-genre pop electronic with moods ranging from ecstatic to melancholic...12 singers, rappers, toasters over 19 tracks...=(M.I.A. + Gorillaz Air+Zero 7 x Buddha Bar) "...f**king brilliant." -YOUTH (producer/remixer, U2, Madonna, Bjork) 19 MP3 Songs POP: with Electronic Production, ELECTRONIC: Dance Details: ***** ALL SHINJUKU ZULU / K.I.A. RELEASES ON iTunes... "Da Riddim Griffin" is up for Best Song, Dance/Electronica category, at the Independent Music Awards (judges include Fatboy Slim, Paul Oakenfold, Afrika Bambaata, Peter Gabriel, etc.) Shinjuku Zulu: "...high tech boom cut with voodoo...the most casually efficient encapsulation of culture clash we've ever heard...'Shanghai Masai' is stark skittering electronic hip hop [that segues from] M.I.A. to Prince..." -TORONTO STAR's Anti-Hit List "The best new music outside the mainstream" "...create[s] three-headed songs by grafting cultures onto collaged beasts that growl with different tongues..."Be My Woman Be My Man" comes replete with DFA grooves and Herbert snorts..."We Do Supersonic" and "Dirty Liar" will have your dance floor moving..."Rainbowbeau" sees Larissa Gomes bouncing her voice off soft clouds of picazzo strings...my favorite is "Make Me Shake" [with] sentences that say so incredibly much with so little...as devastating as anything else this year...often surprising, mostly pleasing, and at a few moments (Make Me Shake, Da Riddim Griffin, and Coal Coal Black) fantastic." COKEMACHINEGLOW "...especially ambitious trans-continental mash-ups...melds components elegantly into compositions that sound surprisingly natural...great moments, like when "Make Me Shake" leaps from synth-shamisen-encrusted grime-pop to reggae to tango, "Dirty Liar", the surprisingly listenable country-electro-hip-hop number ("Chemical Brothers, Dust Brothers, O Brother, quips the song's ven diagram), astonishes when it slides seamlessly all the way into banjo-driven folk, "Massive Ballerina" manages to dodge effortlessly from spacey computer-narrated-ambiance to rolling

techno-rock...Stick-in-your-head melodies and enough stylistic ADD to stay fresh..."Various Chimeras" is on solid footing in the current mash-up-informed, pop cultural petri-dish." -POPMATTERS Song
