A Billy Joel-esque collection of triumphs and tribulations 12 MP3 Songs FOLK: Folk Pop, POP: Folky Pop
Details: Calgary's most famous multi-instrumentalist singer-songwriter MD has hit his stride with his 4th indie release, "Just a Perfect Day". Working with award winning Canadian Producer Dan Donahue "dr j" has spun a Billy Joel-esque collection of songs about the people around him - patients, family and friends. This is his most commercial and uplifting release to date featuring the award winning song "Me Theo", a tune about the controversial hockey star Theron Fleury. This CD takes Ted back to his roots in Winnipeg, Manitoba Canada, with strong influences of the artists and music he grew up listening to. A tinge of classic rock, a smattering of R+B, a twist of acoustic folk, a whiff of gospel all wrapped up in an intellectual pop sound. This vocal tour de force shows "dr j" ever expanding and growing as a Canadian artist. "This CD may finally garner him the recognition he deserves as he continues to emerge as an intellectual, mature singer-songwriter". TODAY IS JUST AS PERFECT AS YOU ALLOW IT TO BE!!
