Acoustic/electric polyrhythmic: instrumental and vocal songs upbeat, environmentally focused and engaging in nature 9 MP3 Songs FOLK: Modern Folk, COUNTRY: Modern Country Details: Tom Harvey Performance Bio A long-time resident of Santa Cruz County, Tom Harvey has been writing and performing music and written work across the country for over twenty years. Currently he has been performing as a featured artist in the Santa Cruz area as well as for the Lassen County Arts Council's "Words and Music" events including the Susanville Municipal Airport "AirFaire" where he was invited to be honorary Director of Music and Entertainment. Harvey was inducted into the American Society of Composers and Performers, (A.S.C.A.P.) in 1995 when the music from his moving rock musical "Sid Allen and the Devil's Den", began gaining recognition on radio stations in CA, NY, Washington DC, VA, OR and elsewhere. Harvey produced and performed "Sid Allen" in Santa Cruz and Monterey summer theaters. The unique project received accolades and reviews in California papers including Bay Area Musician, (BAM), The San Jose Metro, Monterey Press and Santa Cruz Sentinel. Sid Allen also received national attention from papers such as the Roanoke Times (Roanoke VA.) and the Wall Street Journal, where his song "Summer in Virginia" was presented as a candidate for Virginia's new state song. Harvey recently recorded in Austin Texas at Bismieux Studios working with members of Asleep at the Wheel and various area players and combined some of the songs on his recent "independent label" CD release "Open Spaces". The new CD is a compilation of acoustic driven songs featuring vocal and instrumental tracks with a distinctive environmental focus. Harvey is currently preparing a new CD release, Rough Tracks that will debut in Santa Cruz in summer of 2005. Harvey's performance features original work as well as some unique cover songs spanning a wide range of musical styles and genre. Entertainers as well as performer Harvey's shows provide humor as well as broad spectrum of toe-tapping music. Set list is
