

Mp3 Unified Tribe - Mixed Messages

[DOWNLOAD HERE](#)

Unified Tribe brings a fresh mixture of R&B, Urban, Pop and jazz with a production quality that cannot be beat. Featuring powerful vocal harmonies, some cool rap, fat tracks, and uplifting rhythms, Mixed Messages has it all. 15 MP3 Songs URBAN/R&B: R&B Pop Crossover, URBAN/R&B: Contemporary urban Details: Unified Tribe is an inspired collection of individuals, united through one multidimensional sound that lives to express a common goal. All of the members come from varying musical backgrounds and bring their own distinctive influences to the group. These 13 musicians vary in age and ethnicity and, together, reflect a harmony that is found within diversity. The result is an extremely eclectic sound that has evolved over the years into a perfect blend of its Jazz and R&B roots and a newer Urban Pop flavor. The highly anticipated second album Mixed Messages contains fifteen songs and will be released in May of 2003. It is a collaboration by the entire Tribe that culminates their experiences, and influences into a single project that is highly reminiscent of the bands New York roots. The record lends itself to the darker chord structures and the more intense R&B, Jazz and Funk sounds that are at the core of the group's style and creative drive. This highly diverse record displays a wide spectrum of emotional and musical settings from song to song. It was this unlikely blend that spawned the album's name, Mixed Messages. There is certainly something for everyone on this album and many of the songs seem to effortlessly bridge the gaps between genres and generations. Unified Tribe has a striking live show that is as diverse as its performers. They are, "eclectic sound that you can see. " They move about the stage as a flow of electricity that captivates and entertains all in their presence, performing original material both off their debut album, their brand new follow-up album and some never before captured in recording. BAND MEMBERS Magic - Lead Background Vocals, Guitar, Bass, Keyboards, Drums, Percussion Harmony - Lead Background Vocals, Rap, Keyboards, Mandolin, Violin Starr - Lead Background Vocals, Bass,

"A smooth and soulful blend of Pop and R&B that will leave you with positive vibes that will last for days". - Cakewalk (Music Software Corp.) "I went to their studio prepared to say - yeah they are cool and left with my mouth wide open...These cats are bad!" - Howard Hewett "There's a new face in town and his name is Magic - his band (Unified Tribe) is the badest band on the planet. If history repeats itself, then Unified Tribe is the next Earth Wind and Fire." - The Whispers DISCOGRAPHY 1999 Swept Away (maxi single) 2000 Listen to This (album) 2003 Mixed Messages (album)
