Discover how you can start your very own online business from scratch, set it to run on complete autopilot and earn you a constant monthly income! In "Starter's Guide To An Online Income" eBook, you will discover:

- Learn the basic fundamentals of online business (you'll need to know the basics before you can actually get started but the best part is you can do that in just a few minutes!)
- The simple and easy way to start an online business, all explained step-by-step. (This will take you from clueless, to actually knowing what's going on and drooling to start making an online income)
- Exactly how to set and achieve your online business goals and exactly how to choose the right online business type for you (After you do this, it's almost time to get started on earning that online cash!)
- Exactly what to do if you don't have your own product to sell, or simply don't want to create one (Yup, you don't even need your own product and that is fine because there is a ton of ways to make money without it)
- How to identify your target market, or in other words: choose and identify the kind of people you are going to make your money from (this is one of the key steps in starting your online business)
- The key factors in selecting a domain name (web address) that will boost your profits and make your business look as professional and targeted as possible (your domain is basically your business name and address all at the same time, that is why it is very important to get this step right)
- Exactly how to use the right web hosting for you, In order to have your business online you need to have a web host to host it for you (it's kind of like paying rent when you own a grocery or convenient store)
- How to get a simple and professional looking website without spending a fortune (the way you present your business to your potential customers is very important, that is why you should always take this part of your business as seriously as possible)
- Exactly how to make your website suck as much profit as possible from nearly every person that visits your site! (the job of your internet business is to make you money by making people buy what ever it is you are selling this part of the guide shows you how to make your website do its job as efficiently as possible)
- A list of the best payment processors you can use in order to accept credit cards and other types of online payments.
- A step-by-step guide to publishing your very own newsletter so you can make a ton of cash by promoting other people's products to your loyal subscribers!
- Exactly how to start your very own online business

quickly by getting the resell rights to someone else's products! - Another option to start a business quickly, by becoming an affiliate for other people's products!
