

Cogeneration Fuel Cell-sorption Air Conditioning Systems

[DOWNLOAD HERE](#)

1. Energy and Cogeneration.- 2. Thermodynamics of Fuel Cells.- 3. Selected Fuel Cells for Cogeneration
CHP Processes.- 4. State-of-the-art Sorption Refrigeration Systems.- 5. Sorption Refrigeration Systems.-
6. Cogeneration Fuel Cells-Air Conditioning Systems.- 7. Potential Applications in Demonstration
Projects.- 8. Profitability Assessment of the Cogeneration System. EAN/ISBN : 9781849960281
Publisher(s): Springer, Berlin, Springer, London Discussed keywords: Brennstoffzellen, Lftungstechnik
Format: ePub/PDF Author(s): Pilatowsky, I. - Romero, R. J. - Isaza, C. A.
