How To Plan Your Estate We're very lucky today to have Richard Austin with us, who is going to explain the estate planning industry, how his business runs, and how he addresses a very niche market. Richards website is Estate Manual dot com. He also has another website called Drop Dead Organized. He also owns a publishing company called Estate Manual Publishing. ****Please Note*** Don't be impressed with people selling the high quality version (320kps). That is studio musicians quality. This is a recorded telephone interview! 64 kps is MORE than enough to give you great listening quality. All the high quality version does is take up 5 times more space on your drive or mp3 player**
