

# Handbook Of Nutrition And Ophthalmology

[DOWNLOAD HERE](#)

1;Series Editor Introduction;8 2;Foreword;11 3;Preface;13 4;Contents;15 5;1 Nutritional Blindness ( Vitamin A Deficiency Disorders);16 5.1;1. INTRODUCTION;16 5.2;2. HISTORICAL BACKGROUND;16 5.2.1;2.1. Early Perspectives on Xerophthalmia;17 5.2.2;2.2. Characterization of Vitamin A;19 5.2.3;2.3. Vitamin A Deficiency and Increased Mortality in Children: Lessons From Denmark;20 5.2.4;2.4. Ellison s Landmark Trial and Other Therapeutic Trials of Vitamin A, the Anti- Infective Vitamin, 1920 1940;21 5.2.5;2.5. Public Health Measures to Improve Vitamin A Status in the United States and Europe;24 5.2.6;2.6. Vitamin A Deficiency, Infection, and Mortality in Developing Countries A Recurring Theme;24 5.2.7;2.7. Initiation of National Programs of Vitamin A Supplementation in the Early 1970s;27 5.2.8;2.8. Further Investigations of the Relationship Between Vitamin A Deficiency and Child Mortality;28 5.3;3. BIOCHEMISTRY AND METABOLISM OF VITAMIN A 3.1. Structure and Characteristics of Vitamin A;29 5.3.1;3.1. Structure and Characteristics of Vitamin A;29 5.3.2;3.2. Dietary Sources and Metabolism of Vitamin A;29 5.3.3;3.3. Retinoic Acid Receptors and Gene Regulation;34 5.3.4;3.4. Dietary Requirements for Vitamin A;35 5.4;4. CLINICAL FEATURES;36 5.4.1;4.1. Xerophthalmia and Keratomalacia;36 5.4.2;4.2. Immune Suppression and Inflammation;49 5.4.3;4.3. Increased Infectious Disease Morbidity and Mortality;54 5.4.4;4.4. Growth Retardation;56 5.4.5;4.5. Anemia;57 5.4.6;4.6. Other;62 5.5;5. EPIDEMIOLOGY ;63 5.5.1;5.1. Prevalence and Incidence;63 5.5.2;5.2. Global Distribution;63 5.5.3;5.3. Risk Factors for Vitamin A Deficiency;72 5.6;6. DIAGNOSIS OF VITAMIN A DEFICIENCY;84 5.6.1;6.1. Clinical Diagnosis;84 5.6.2;6.2. Assessment of Vitamin A Status;85 5.7;7. TREATMENT OF VITAMIN A DEFICIENCY ;90 5.7.1;7.1. Vitamin A Capsules;90 5.7.2;7.2. Adjunct Treatments;91 5.8;8. PREVENTION OF VITAMIN A DEFICIENCY;91 5.8.1;8.1. Dietary Modification;91 5.8.2;8.2. Food Fortification;91 5.8.3;8.3. Control of Infectious Diseases;92 5.8.4;8.4. Breastfeeding Practices;92 5.8.5;8.5. Plant Breeding;92 5.8.6;8.6. Vitamin A Capsule Distribution;92 5.9;9. CONCLUSIONS;93 5.10;REFERENCES;93 6;2 Cataract;135 6.1;1. INTRODUCTION;135 6.2;2. HISTORICAL BACKGROUND;135 6.3;3. EPIDEMIOLOGY ;135 6.3.1;3.1. Definitions;135 6.3.2;3.2. Grading of Lens Opacities;136 6.3.3;3.2. Prevalence and Incidence;136 6.3.4;3.3. Nutritional Risk Factors for

Cataract;138 6.3.5;3.4. Other Risk Factors for Cataract;155 6.3.6;3.5. Cataract and Mortality;159 6.4;4. CLINICAL FEATURES;160 6.5;5. PATHOGENESIS OF CATARACT;160 6.5.1;5.1. Nuclear Cataract;162 6.5.2;5.2. Cortical Cataract;163 6.5.3;5.3. Posterior Subcapsular Cataract;164 6.6;5. TREATMENT OF CATARACT;164 6.7;6. PREVENTION OF CATARACT;164 6.8;7. CONCLUSIONS;168 6.9;REFERENCES;169 7;3 Age-Related Macular Degeneration;176 7.1;1. INTRODUCTION;176 7.2;2. HISTORICAL BACKGROUND;176 7.3;3. EPIDEMIOLOGY ;177 7.3.1;3.1. Definitions;177 7.3.2;3.2. Incidence and Prevalence;177 7.3.3;3.3. Risk Factors;178 7.4;4. CLINICAL FEATURES;190 7.5;5. PATHOPHYSIOLOGY ;192 7.5.1;5.1. Pathological Features of Age-Related Macular Degeneration;192 7.5.2;5.2. Oxidative Stress;194 7.5.3;5.3. Carotenoids;197 7.5.4;5.4. Vitamin E;207 7.5.5;5.5. Zinc;215 7.6;6. DIAGNOSIS;215 7.7;7. TREATMENT;215 7.8;8. PREVENTION;215 7.9;9. CONCLUSIONS;216 7.10;REFERENCES;218 8;4 The Obesity Epidemic;231 8.1;1. INTRODUCTION;231 8.2;2. HISTORICAL BACKGROUND;231 8.3;3. Patterns of the Nutrition Transition;232 8.4;4. DEFINITIONS;232 8.5;5. EPIDEMIOLOGY OF THE GLOBAL OBESITY EPIDEMIC ;233 8.5.1;5.1. Prevalence and Incidence in Adults;233 8.5.2;5.2. Prevalence and Incidence in Children;233 8.5.3;5.3. Regions of the World;234 8.6;6. PATHOGENESIS ;238 8.6.1;6.1. High Fat Intake;238 8.6.2;6.3. Television;238 8.6.3;6.4. Low Physical Activity;239 8.6.4;6.5. Poor Community Design;240 8.6.5;6.6. Childhood Obesity a EAN/ISBN : 9781592599790 Publisher(s): Springer, Berlin, Humana Press Format: ePub/PDF Author(s): Semba, Richard D.
