"COSMIC TRAIN" is about the final ride to suicide. My father and a very close friend who had an incredible heart and inspired my musicality both committed suicide. Do you ever wonder if you could have done something or did you miss a sign. "IF ONLY" explores spousal abuse. I grew up in a house of sadness and fear. My mother's abuse was like a dirty little secret that I think no one should ever have to endure. "DREAMS" are what we all need to keep alive. So find a dream, keep your dream, and even revise your dream---but never give up on your dream. "BEYOND THIS CAGE" has bars made of conditioning and dependence on money and material things. "RACING

WITH THE STORM" which has lightning greed and thunder need. "PEACE ON EARTH" speaks for itself. "OUTER IMPRESSIONS" soon fade. Everybody's idea of beauty differs. Why mutilate and operate on your precious body to look like Barbie or to try to stay young. In the end what counts is your spirit, your soul and your inner magic. "DEMONS IN MY MIND" are depression, anger and hatred. There was a time in my life when I was really sad and for three years I could rarely get out of bed. Thankfully the demons lost. "THOUGHT YOU WERE MY FRIEND" is about the loneliness you feel when your best friend just drops you and you don't know why. It's painful and such emptiness occurs.
