The following year he was chosen along with three other students to represent the Florentine school in collaboration with the Musical Conservatories of the Italian national territory. In adolescent age, followed by Renato Gatti, brandishes what will be his instrument, "She" the guitar, and begins study basic techniques for the piano. The turning point at the crossroads is due more to the growing passion for rock music and R'n'B. At that time began to write his first songs and its first lyrics in the form of small poems. At the same time formed his first group "Ultima Ratio" a trio that tried to play cover of the Police, U2, etc. Recent history when attending the test room of the sixth Florentine "Parsifal" form the "Ex animo", a group of five friends who start to grind live performances throughout Tuscany and Emilia-Romagna. The growth of the Angiolos labor in that period is also due from technical support of "Carlino", Nicola Contini, L. Landi and Benedict Frassinelli, Eric Buffat. . The abandonment of some components of Ex Animo leads to the formation of the trio "Iris" which is noted by Caliel management; guided by the ability of Filippo Broglia (former director of radio Italy), Marco Barusso and Michele Monestiroli, starting a collaboration with the Diddestudio. The work will stop for internal problems to the company .. In 2006, finally (at last but not at least), Angiolo knows Marco Natali (Madamador Publishing), which creates an immediate understanding of music and working; Here it comes Nuove Strade (New Roads).
