The music is electronic pop, but the styles cover everything from Chicago house influences to acoustic and electric guitar melodies. 11 MP3 Songs POP: with Electronic Production, ELECTRONIC: Pop Crossover Details: Electronic pop has come to a new level, thanks to Blue Audio, who combines energetic beats and a danceable groove with melodic hooks that stick to your head like velcro and superglue. It's no wonder the bedroom gig has grown to a full blown production studio and the founding of the independent record label, Border Blue Records. Blue Audio is John Wu, an Asian American artist and producer with 2 released albums and half a dozen compilation appearances. The story has been building since the first demo release in 1993, and it's led to a flood of reviews across the US and Europe, and live performances with artists like Kai, Jocelyn Enriquez, Mesh, and Anything Box. With gigs that span the range from intimate settings to college seminars to full-blown club productions with 2000+ in attendance, Blue Audio takes the audience on a fast-paced ride away from the boredom of everyday life. It's time to get back on the road to club hits and dance music you can sing to. Don't pass up the chance to join us on this trip to the future. "In a perfect world, John Wu would be enjoying a lot of international chart success with Blue Audio. The music is mainstream, commercial synth pop, but performed with real talent. This is a perfect album for summer mornings/driving/chill-outs, etc - smooth flowing, seamless. Brilliant."

-Bassdove Information Network (UK) "The album contains eleven absolute synthpop gems. As would be expected from a self-made artist, John W. Wu has perfected his work in all areas of music. The production is sophisticated, the melodies are 100 genuine, and the vocals likewise. Eleven irresistible tracks demonstrate synthpop at its finest." -Andreas Wolf, e-lectric magazine (Germany) "Blue Audio is a very talented Asian American composer. This album clearly proves that we are dealing with an experienced musician with excellent skills, not only as a performer but also in the creative arena." -Derek

Doarn, Amazing Sounds "You read it here first: there is a first rate songwriting talent in John Wu, the guy behind this project." -Dave Guerue, Lexicon Magazine "Take a listen to an up coming new artist, you won't be disappointed." -hEARd Magazine (Australia) "If you like thoughtful lyrics, excellent composition and just a bit of guitar here and there, then definitely pick this one up. It's a keeper!" -Mark Stryker, Internet SynthPop Radio
