Its the tracks that I thought would make you go out and buy the other disc Im going to be completely honest. Yes I am. And yes Im dumb and yes I am not really being serious. Lighten up folks. Its a music cd. Its okay to go with what you like not what you want to be seen with. Sure I did just think of a really hot older woman and yeah I do have my eye on someone but theres no chance in hell Ill get her. Well may be if I were really really handsome and charming I just might. But Im not so Ill have to work on like uhhh golly and the whole money issue. I dont know. Okay I got a few fan letters but no invitation to marry! AS IF! Darn I feel just like you and I are best friends, why dont I just give you my disc? I have every body else. Not. Well my mommie has it. What I am saying is that there are more than a few of my discs for sale here and look around there is a lot to listen to. My work is all I have. Please give me your cash so I can stop writing this I know I know. Who would go for that one. Well it was worth a try. And if you never buy my stuff at least you may know Im a kind and some what relaxed person what am I going to be on a talk show later?
