Related styles: EASY LISTENING: Polka, EASY LISTENING: American Popular Song People who are interested in Frankie Yankovic and His Yanks Guy Lombardo should consider this download. Details: The song Uncle Sams World kicks off this new CD featuring polkas and waltzes that Denny Lee has written. In a humorous but truthful look at Government, Law Enforcement and Politicians, Dennys feelings about what he calls the big three are NOT very sympathetic. He believes that the world should be more aware of the corruptness found in the Government, Politicians and Law Enforcement. Thats why he wrote Uncle Sams World. Denny is saying the only way he knows how, in his music, people wake up before its too late if it isnt already too late. Asked what he loves most, he answered: God, my wife, my son and my music. Denny may have been raised on Hank Williams and Jimmie Rogers, but he also shows that he was no stranger to Frankie Yankovic, Don Peachy, Cousin Fuzzy, Wayne King and Guy Lombardo. Writing humorous songs is well documented in Red Hair and Blue Eyes, I Aint Got Nothing To Wear, Two Drinks and A Polka, and Different Colored Shoes. Denny also displays a talent for writing beautiful songs like the two instrumental Jazz Waltzes he has included on this CD. Hawaiian Memories and Just Another Pretty Song are examples of his instrumental writing ability. Two other instrumental songs, Happy, Happy and Funeral Of The Red-Winged Blackbird show off Dennys flare for writing ragtime pieces. This CD has 20 songs that are destined to become classics in the Polka and Waltz category of great music. A touch of Frankie Yankovic, a little Whoopie John, a mix of Guy Lombardo and Wayne King and even a little feel of Don Ho make up this CD that is sure to please just about everyone that enjoys old fashioned Polka and Waltz music. Denny invites you to his Polka and Waltz party and hopes that you enjoy this CD as he sits down at the piano and entertains you with his song writing and proves that country is not the only thing he

can write. He does pretty well at writing polkas and waltzes.
