All the music is produced by Exec Ent. Owner and founder C-Thuro, with lyrics produced by C-4, Dre Roadz, Street Execs, and Unforghettoble. While C-Thuro and artists are known on the underground music scene in Cleveland for hot tracks, they are moving forward to promote their music in other cities across the United States. The Capital Gains Compilation Disc is here to give everyone a sample of more fire tracks to come from these artists for their solo debuts. This CD is all about what the title says, Capital Gains. It is about young black males in the inner city of Cleveland getting their money right with songs like I Want the Money, Cash By The Stacks, All Bout Cream, and Make That Money. These artists are doing exactly that with their street ways, hustling mentality, and music ambitions. They not only talk about money, but how people in Cleveland stunt and ride in they cars, with Doors Open, Riden 24s, and Let It Bang. These songs will really give you a feel of how they stunt during the summer months. They also talk about how they approach the ladies with songs like Mama Cita. There is also something for women in the club with Shake That Ass, which the men will be on after the women get up on this one. These players have been Pimpin since Pimpin been Pimpin wit songs like Pimpin on everything to the money, cars, jewelry, clothes, and women. Although every hood know that everything in the hood aint all good, thats why we put songs on their like Land Of The Crooks, to let you know about the streets of Cleveland, which I know other hoods can relate. While these artist are in that type of environment they may be faced with life threatening situations, not that that they take there, but it just went there and they have to defend yourself, thus songs like Pop Off was put on the album. This album will give you a feel for what is going on in the streets of Cleveland and other hoods across the US.
