

Mp3 His & Her Vanities - A Thought Process

[DOWNLOAD HERE](#)

Indie Post-Punk/PopRock mixed with occasional noise, a more raw and true-to-live record than the debut. 10 MP3 Songs ROCK: Punk, ROCK: Noise Details: His Her Vanities began in Ricky and Terrin Riemer's Wisconsin basement in late 1999. Writing Post-Punk/Pop/Art Rock-type songs together, the couple decided to branch out into a band. In 2001, drummer Sara Winkelman joined the Riemers, and after playing several live shows together, the trio retreated to the basement to record a full-length which was released in June of 2002. With the addition of Matt Abplanalp on guitar, His Her Vanities became a four-piece for live shows. This second full-length was released in September of 2004.
