Details: The sweet melodies and vocals on this CD are soothing and will be sure to give your baby or toddler much enjoyment. The combination of original vocal and instrumental music flows well to set the mood for quiet rest. Jan is a mother of three and grandmother of six. As a singer and songwriter she wanted to make a CD with original music, and as a grandmother wanted to leave a legacy of her music to all her grandchildren to come. Thats how this project was born fulfilling both dreams. Notes from customers: By far my favorite part of (your) gift is the Baby Notes Lullaby CD. We listen to it every day, twice a day. The music is gorgeous and soothing. While the music is professional, nothing is overproduced. (I hope that makes sense; its important to me as a singer!) I love to sing along to this CD, and so does my daughter, Jillson, who is 2 . She listens to your CD at every naptime and at every bedtime, and she sings along, too! During the day, when my newborn gets fussy, Jillson sings Sweet Baby Mine to Madelyn a cappella. I often think I wonder if Lauras mother knows how important her music has become to our family! Margaret McGarry Auerbach, Germany I must say that I truly enjoyed Jan Cline's Lullaby CD. I wouldn't have thought to buy it for an adult (such as myself) but now that I've heard it, I think we all need to hear beautifully sung lullabies to soothe our souls. Thanks for sharing it. I'm going to need my own copy now! Jan Viegas Spokane, WA You know, it is a good thing that I have a little grand-daughter, otherwise I would have missed out on an amazing CD! Of course, your vocals are perfect for this genre and piano is my favorite. I listened to it (again) before I went to sleep to me it was a lullaby, a prayer, praise, and worship all in one! Oh yeah, I know my little Chloe will benefit from the sounds also. Without even trying, in one half day at

work, I took orders for 3 CD! Thank-you Janny for making this great CD. Linda Kern Spokane, WA
