Details: From the Wilds of the North of England come the Indie Acoustic Psychedelic sounds of The Gravitons. Redetermination is the first album from the band with songs of beauty, ugliness, hope, failure, love, loss, joy, melancholy ... and other stuff. With slices of folk, country, rock and melodic punk along the way, The Gravitons carve a unique niche which is both familiar and original; a kind of unusual hybrid of Contemporary English Folk and West Coast American Psychedelia. Think Dylan, Jeff Buckley, Pink Floyd, Roy Harper, Woody Guthrie and the Byrds fuelled to excess by carbonated caffeine narcotic substitutes .. Enjoy!
