Power-pop with a mod/garage/sixties/surf/new wave bent. "Blazing pop tunes" - All Music Guide, "Deep, good-tasting songs" - Notlame.com 15 MP3 Songs POP: Beatles-pop, POP: Power Pop Details: Trolley is a power pop mod combo based out of Milwaukee, WI, that regularly tours the midwest and beyond. They have toured with the likes of New Found Glory and Reel Big Fish and have shared the stage with Dick Dale, Los Straitjackets, Cotton Mather and many like-minded pop-freak outfits. Trolley has played Austin's South By Southwest and Toronto's North By Northeast, as well as Milwaukee's Summerfest and Chicago's International Pop Overthrow. With four cds and one 45 to their credit, Trolley entered Madison's Smart Studios to complete mixdown on their new cd, "Last Chance Dance", with engineer Mike Zirkel, who has worked with Garbage and The London Suede. Combining all the great influence of sixties pop and mod along with seventies punk and new wave, "Last Chance Dance" is truly a gem for the ages. Shepherd Express Reader's Choice Awards 2002 Best Rock Act Trolley Trolley have perfected their own contemporary variation on that classic '60s pop-rock sound: soaring harmonies, memorable melodies and intriguing lyrics-harnessed to the power of a crack four-piece band. Only problem: Trolley is a little overdue for another CD. Hurry up, guys. (Dave Luhrssen) "Quite possibly the best guitar duo in pop, Perotto and Wall draw from a history book that runs the gamut from surf to power chord heaven to rock and roll fury. Coupled with Wall's amazing stage presence and style (this guy has got the "moves"!), this is enough to distinguish Trolley on its own." - Shake It Up!
