

Case And Agreement From Fringe To Core

[DOWNLOAD HERE](#)

"I consider Stefan Keine's book an important (truly groundbreaking) contribution to the generative study of case and agreement, as well as to the more general problems pertaining to the architecture and mechanisms of grammar. It offers a highly appealing, technically simple, and conceptually uniform account of a number of apparently disparate phenomena from languages as diverse as Icelandic, Hindi, and Nez Perce, many of which have been poorly understood before."Peter M. Arkadiev in: Linguist List 22.2151 EAN/ISBN : 9783110234404 Publisher(s): De Gruyter Discussed keywords: Grammatik, Linguistik, Morphologie, Sprachtypologie, Syntax Format: ePub/PDF Author(s): Keine, Stefan
