Hip-Hop, Spoken Word, Poetry, Philosophy, Spirituality, Life. 20 MP3 Songs SPOKEN WORD: Poetry, HIP HOP/RAP: Spiritual Rap Details: This CD has 5 bonus tracks. It's 75 minutes long and 20 tracks deep. There are 6 guest appearances, freestyle tracks, 2 female solos, innovation, and production by dj eXacto and dj Denizen. Dj eXacto beautifully crafted all but 4 beats. This album is as much his, as it is mine. In 2001, I was obsessed with the San Francisco Poetry scene. I was performing live twice a week in Oakland and Berkeley. After I tied for 1st at "The Oakland Poetry Slam", I hooked up with dj eXacto and started recording my debut album. Over a year and a half later "A Train of Events" was completed. The Back of the CD States, "Request: Please at least once, lie on your back, headphones on, and listen to this recording in it's entirety." ((Respect)) 8.bliss * We put everything we had into this project. It's gotten a lot of support in the underground press, World Wide. These CDs are Limited Edition. They're left-over from the 1st run of 1,000 that I paid for myself. Even though our recording gear was mad limited, we did the best we could... Then I pressed it up professionally, shrinkwrapped, clear jewell cases, the whole nine... They contain some of the first songs I ever recorded... Thanks for checkin' it out! ((Much Love))
