Hebrew Israelite Rap, Hip-Hop 22 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Hip Hop Details: Azarel is something different Hes inspiring. Hes mindful. Hes spiritual. His songs are food for the soul when compared to the traditional plates offered by gangsters, pimps and drug pushers. Performing since high school, Azarel has mastered expressing what he calls peaceful anger. The kind of rage a parent has when a child has been abused. The kind of sympathy shared with the victims of hurricane Katrina after the disaster took place. The kind of revolt a slave desires after years of oppression. Azarels voice speaks all these things, and now the world will get to experience what the Northwest has known for years. We invite you to enter his world, share his vision and witness a shining star!
