An easy listening instrumental CD with Karen's heartfelt keyboard stylings of original jazz, blues and new age music. 9 MP3 Songs in this album (33:58) ! Related styles: EASY LISTENING: Mood Music, JAZZ: Piano Jazz Details: Since the age of 14 I have performed for audiences in Upstate New York including restaurants, hotel lounges, clubs, private parties and shows. A few years ago I began a full-time music business in my home studio teaching piano and guitar lessons to promising young talent, composing and recording. It was a decision to follow my passion. When I am asked my favorite style of music, I respond with jazz and blues. But, I admit each style has its own flair for expression. Music has been an important part of my life, professionally and personally. As musicians know, it becomes who you are. The music on this album reflects my journey through life telling stories without words. Musical composition and performance have been my most effective vehicles for expression. The arrangements and instrumentation were accomplished on a Yamaha arranger keyboard setting the mood for each song. As you listen, I hope my music will help you reflect on your own journey.
