Hip Hop Gospel Rap with lyrically smooth rhymes set against the backdrop of deep pounding base and head bangin beats. 13 MP3 Songs GOSPEL: Contemporary Gospel, HIP HOP/RAP: Spiritual Rap

Details: I have words of encouragement to share with the world. It's easy to get lured in by LP's emotional rhyming spell and the head-bangin beats on the 1st single, I Know A Place from the forthcoming Birmingham Entertainment release Testimony. No Pain, No Hurt, No Crying, Tears Wiped Away. Everybody Feeling Good, Its a Brighter Day... are just a few of the melodic ways in which this Bay St. Louis, Mississippi native paints a vivid picture of his heaven here on earth. Like Paul the Apostle who preached the Gospel as revealed to him, LP drops knowledge for his generation and stays true to his faith by sharing with the world his trials and triumphs simply by giving us his Testimony. Filled with smooth danceable grooves, LP showcases his musical dexterity on songs such as Victory- his sonnet on how we shall have victory over all things by faith in, and through good works for Christ. And on the hot single The Great Commission bubblin with rugged beats and drivin down the street deep bass, LP takes his listeners on a rousing musical journey of his life experiences and lessons learned. Testimony, isnt about flesh, flash and fast cars. Instead, LP explains, I am inspired by my pastor, Michael D. Moor, and my goals and my dreams are to play an instrumental role in helping the younger people in the world spiritually mentally. Doing just that, LP raps of the blues and real life hardships on the emotional Whats Going On and finds joy and comfort in his uncontestable hot track Keep Your Head Up. People are drawn to LPs magnetic force and his hypnotic flow because he has a clear message of spreading the good news. Highly favored with a multiplicity of musical gifts, LP is a well-rounded artist who knows its just a matter of time before hes in the studio collaborating with his favorite artists of all time. My wish list of who I want to work with is Kanye West because he is a talented and influential person. Kirk Franklin, because of the great

movement that he has caused in the gospel music industry. Creating skillful and joyful rhymes that exude a universal and captivating appeal, LPs anointed Testimony succeeds to inspire and remind the world that faith of an unseen force is ever present. ###
