Whether singing in hometown Church plays or singing in the mirror with hairbrush microphones, music has been and still is what motivates this talented little gal. Rochelle currently has her first album due to be released in September of 2008. She packed up and moved to a small town just outside of Nashville to pursue her music career shortly after learning shed be able to record in February of this year. Things came together so quickly that there was no time to think about the next step. Rochelle received this opportunity in January, packed her family, was pitched songs which she listened to on her 5 day drive to Nashville, got settled in and finished her AlbumAll in 5 weeks. Talk about getting thrown in headfirst. It was a sink or swim moment in her career, which weve learned shed have no other way. Rochelles music is True Country .music that Barbara Mandrell, Early Reba, George Strait and Alan Jackson would be heard singing. While these artists have been told they were To Country at one point, we can only hope they have opened some country doors for newcomers like Rochelle to walk through and share their passion as well. Country music has been very receptive to the new Country Music Cutie since landing in Nashville. Rochelle worked with some of the finest musicians out there. The debut Album titled There You Go (A Johnny Cash tune) was lucky enough to have Kerry Marx (one of Johnnys original guitar players) on the album. Another of Johnny Cashes songs that also featured Kerry Marx is Guess things happen that way. While the Johnny Cash fan may recognize these two songs, Rochelle has done an incredible job at bringing these two old time favorites back to life..you wont be disappointed.

Rochelles 'Idols' include the late Patsy Cline, Brenda Lee, Reba McEntire, Johnny Cash, Elvis, Dwight Yoakam and Buck Owens.
