"The Voice" is a revolutionary album in Persian World Music, that mixes Siavash's soulful lyrics and voice

with the most explosive Pop And Ballad rhythms. This is a treasure of harmony and voice. Track 3, Tajeh-Talah, is a beautiful melody of voice and music with a touch of latin feel, that explodes near the end in an all out latin, world, jam. Track 6, mixes the well loved persian 6/8 rhythm, and persian lyrics, with a surprise chorus of English lyrics and 4/4 rhythm, you can't help but move to this one. Crazy fire is an original Siavash song sung in English/Spanish, track 1 and Persian, track 9 that is a sure fire pop hit, mixing hot dance rhythm with arabic percussion and beats. ! Everytime, Track 8, is a beautiful, classic ballad that shows the range and emotion of Siavash's voice. And Track 10, Iran, brings it home with a ballad that touches to the heart of Iran, with lyrics and a voice so deep and raw with emotion, you will feel the pain and love for a country you can never go home to, no matter where you are from. If you like Tarkan or Amir Diab, if you appreciate Sting, you will fall in love with Siavash's lush voice and sexy good looks Personally A singer with heart, Siavash puts his soul into his music and is thankful to all of his fans, they have been the light that leads the way for him. He is endlessly grateful for their support. He feels especially thankful to a younger generation that has embraces him and he feels responsibility to lead the way. He is aware of the problems facing young people today and he has a clear message to give "Honesty and kindness toward others who are the same and those who are different, Peaceful expression, love for yourself and your community and Humanity for all, these are the only answers to any questions." He has lived a drug-free life, instead choosing to speak out against drug abuse in his community. He has faced the hard times with love and belief in himself and he would like each young person to know that the only way to change society is by clean living and speaking with your heart and your mind for a better world. He feels the only way to achieve this is through education, communication and sincerity. His goals include eventually organizing a fund and program for abused children and troubled teens and reaching a wider audience with his music and message.
