Acoustic blues, quirky alt/country, majestic instrumentals, experimental, world, fusion, rock, ...etc. 19 MP3 Songs ROCK: Americana, BLUES: Acoustic Blues Details: "...I couldn't pronounce his name if you paid me to, but Steven Knechtges is hands down the most original thing I have heard in a long time! He has a quirky alt. country style but with far more funkiness than any of his contemporaries. He exudes a straight forward soulful honesty in his vocals and a compelling mastery of his genre defying acoustic guitar stylings. The production is raw, but it works perfectly for the style that Mr. Knechtges is going for..." Justin Harvey - Producer/Engineer , Owner-Timares Studios The songs on this cd were recorded in 2003/2004.
