HIP HOP/RAP: West Coast Rap, HIP HOP/RAP: Hip Hop Details: Legion Of Havvokk 2003 Band Biography Our objective is to create a new flavor in the Bay Area. This market has shown a vast appreciation of Hip Hop music and new trends. This particular region embraces new artists and it's always trying to find something new. This area is yet to be untapped and has been pioneered by several artists, even though some were more successful than others. We feel that we can fill the gap and make better impact by what we have to offer. That is sound. We intend to be more customer-friendly as to our marketing strategy, which is to give to the general public more quantity and quality songs for the dollar. We know that our audience will appreciate it. We are very talented, well traveled and grasp the concept that you have to have the total package, which includes sound, lyrics, delivery, stage presence, and feeling the crowd. The list goes on. It's open season on the industry! Beware of the new comers. We feel the rap/hip-hop industry is flooded with clutter. You hear the same thing day in and day out until you feel like robots. We have to set a better example and set the trend!
