This wonderous instrumental collection is peaceful and joyous, evoking the pure sentiment of Christmas. This is Varvel's follow-up to his debut album, "Pictures Postcards." Varvel has been performing for over 20 years, and has spent much of the last seven years touring the U.S. and Europe, with the Peter Mayer Group, lending his brilliant sense of harmony and texture to that band. In addition to Varvel on acoustic and electric guitars, this album features excellent work by percussionist R. Scott Bryan. "Not a Creature Was Stirring" Christmas cd from Vincent Varvel, review by Dennis McCaughey Following the release of Pictures and Postcards, well known for his guitar work and song writing with the Peter Mayer Group, Vincent Varvel has just released a collection of Christmas classics called "Not A Creature Was Stirring." A Little Flock Music label release with nine songs in all, this all instrumental compilation features R. Scott Bryan's percussion work on several songs woven into tasteful and beautifully recorded guitar renditions of such favorites as God Rest Ye Merry Gentlemen, Silent Night, and Have Yourself a Merry Little Christmas. While lending his own signature style to songs like Oh Come Oh Come Emmanuel, Vince captures the simplicity and essence of the song. Beautiful chords layered with soft melody, the interpretation is quite moving. A personal favorite, Vince shows that he's not only a gifted guitarist, but also an accomplished arranger on songs like What Child is This. This holiday standard features steel string acoustic guitar chords with gentle nylon string classical guitar melody on top and just a touch of dreamy electric guitar underneath, creating a captivating feel to this Christmas classic. Vince uses just a bit of tasteful percussion to bring new life to old favorites

like Walking in a Winter Wonderland. Light and bouncy, Vince adds a unique and effective treatment to this one, giving this holiday standard a samba rhythm and jazzy chord structure while still maintaining the integrity of the song. The best rendition of Have Yourself a Merry Little Christmas that I've ever heard, this one is nothing short of moving. A soft, soothing rendition done on just two guitars, will take you far away from the hustle and bustle of mall-madness and deliver you back to your living room with Christmas tree sparkling and the scent of wood slowly burning in the fireplace. You won't find any Jingle Bell Rock here, just a collection of true Christmas classics beautifully arranged and performed. If you're hoping to get that Christmas spirit back this year, these songs will help you get there. Leave the trappings of the holidays behind and remember what the season is really about. Wish for snow this year, and curl up next to the tree this Christmas eve with Vince's brand new cd. Simply a must have for your holiday collection. Make sure you put this one in the stockings of all your loved ones. I guarantee you'll be glad you did. It is truly "stirring".
