Ayeshia Smith has died, her organs donated to recipients around the country. FromBirth Ltd. and its leader Dr. Groome intend to profit from her death by creating a business of harvesting and donating organs. In an effort to increase the number of people willing to sign up to be a part of the venture, Mr. Mardin is hired to create a video for promotion of the company. In the process of making the film and interviewing those who received her organs, Mardin realizes those who benefitted aren't as gracious as (or grateful to) their donor. In the battle of profits vs. humanity, will anyone even remember Ayeshia Smith? Author Trevor Price provides a timely, satirical commentary about the potential future of medicine in the world, and the sacrifice of humanity in the name of turning a profit.
