Mailing List Manager A Complete And Fully Featured Email Solution If you are looking for an easy to install and easy to use program to handle all of your mailing requirements then look no further. Mailing List Manager will suit your needs. Whether youre starting a new online business or have been in business for years, if youre not following up with your prospects, or if youre paying monthly fees for email follow-up, you may be flushing your advertising dollars and your profits, down the drain. Its a fact that the majority of people typically dont buy (or take a desired action) as a result of an initial marketing contact, even if they are perfectly targeted for the offer. According to a recent research study, 81 of major sales are closed after the 5th contact. Consistent follow-up is crucial to closing the sale. Automate your email campaigns and convert your leads into sales with Mailing List Manager Robust and feature packed, Mailing List Manager is an affordable, easy-to-use software application that installs on your web site. It delivers instant information to your customers, prospects or visitors. Mailing List Manager: is safe and easy to use; lowers your operating costs significantly; and increases your profits dramatically! Features: Mailing List Manager is a web-based php/mysql program that offers you unique ability to fully manage your mailing list and newsletters. Easy Subscription:- Allows you to easily generate a subscribe/unsubscribe form with the click of a mouse. It then creates the complete HTML code ready to put on the web and start building your massive list :-) Multi-List:- with Mailing List Manager you can run as many different mailing lists as you want all from one easy to use interface. Mass Mail The Entire List From Your Admin Area Achieves All Your Mailings Tracks Clicks as well as who out of your list has read/opened the email. Send Personalized Emails To Your List by Just adding special tags wherever you want the subscribers name to appear in the email. Here Are A Few More Powerful Features: No Monthly Fees - Pay Only Once then Own it for Life Comprehensive user guide in .pdf format Very Easy to Install - in less than 10 minutes. Use on Unlimited Number of Domains that you own. Complete Easy to Follow Installation Instructions even if dont have technical skills. Works on Unlimited number of subscribers. It will work great even if you have 100 or 100

thousand subscribers. Fully automated, will work for you 24 Hours a Day 7 Days a Week Super fast email delivery - 600 emails per minute Automatically wraps words at 65 characters per line. Full Customization - can send emails with actual names of clients and email addresses. Customized Thank You Page. You can set-up a thank you page after your client has subscribed. You can manually Unsubscribe any email addresses. Your subscribers can also automatically Unsubscribe using a Link in every email message. All message follow-up emails can have an attachment - you can attach any file type to your email messages up to 2MB Power Checking of Duplicate Email Addresses. Once an email has been used, it will delete the same email address if use in subscribing again. You free-up yourself in cleaning your database of duplicate email addresses. Very easy to use Admin Control Panel where you set up your messages in a matter of minutes. Subscription Box automatically generated for you. You will never be accused of spamming. You will always have an email sent to you as a PROOF of the actual email address and IP address of your subscribers. You will receive a report every time a message is sent to your subscribers. You will always know what you autoresponder is doing for you. Very minimum system requirements: Unix Operating system (linux/FreeBSD) Perl5 Interpreter (standard on unix machines) SendMail (standard on unix machines) Works without CRON jobs (which are not allowed on many servers)
