Details: Namaste- The best in me greets the best in you I honor the place in you in which the entire Universe dwell. I recognize Love, Truth, Light and Peace. When we are in that place, we are one, and I admire this great perfection in you. I pay homage to the sacredness of all, while meeting others on the level of heart and soul. I offer this CD, born of my musical journey as a galleria of my overflowing reverence and worldly thoughts. Namaste represents my relationship with music while riding through this highway of life. BassFace I was blessed to travel the world performing with the great God Father of Soul Mr. James Brown, Tommi Rae and the Soul Generals. I played keyboards, guitar and bass. Many of my compositions have some of his signatures that made Mr. Brown and his music funky and famous. Im truly grateful for all those precious lessons learned; he gave so much of himself to so many. Mr. Brown I thank you. My song JB Flamboyant is James Brown Flamboyant and I dedicate this CD to Mr. Brown.
