

## Mp3 Blair Hansen - Smile

[DOWNLOAD HERE](#)

Acoustic rock 12 MP3 Songs ROCK: Acoustic, EASY LISTENING: Soft Rock Details: She sings with the wisdom of age. Her vocals, soaring, passionate, and warm, mirror the emotions of her words, the perspective of a woman who has already experienced much in life. But singer/songwriter Blair Hansen is only 19. Blessed with a crystalline, transcendent voice a la Sarah McLachlan and a startling ability to write deeply moving lyrics with an older woman's soul, Hansen is among San Francisco's most promising new talents. Her sophomore album Smile captures the heart of a young artist who has already found her own style, her own place in a music world cluttered by artificiality. Hansen's feelings are felt through each shimmering note of her acoustic guitar and the unguarded sincerity of her vocals. Hansen observes life with an unblinking eye and a poet's ear. From the sun-drenched energy of "Listen" to the radiant glow of "Final Goodnight," Smile is brimming with timeless charm.
