Part Two will answer some important questions: Will our hero nab and tame his drama professor? Will he be sorry he did? What's up with the lace, jewelry and eye shadow on this kid? What was communal living REALLY like? Why were hippies always prancing around without their clothes on? Is this our hero's "Skanky Ho" period? What were Dan and Marilyn Quayle missing out on? This and more will be revealed when you slip this baby into the CD player. So drag out that dusty old bong, sit back and get ready for a big tie-dyed acid enhanced totally groovy and insanely bumpy ride. IT'S HERE! OF COURSE IT'S QUEER!
