Robots and humans meet in a melodic mix of electric/acoustic songs from everyone's favorite fairy princess. 5 MP3 Songs POP: Pop, ROCK: Adult Alternative Pop/Rock Show all album songs: ...So It Seems Songs Details: Gigi is an accomplished Australian actress best known for work on Farscape as "Chiana", and most recently featured on USA's "The Starter Wife". In July of 2007 while Gigi was in Seattle working on Blueshift (her Sci-Fi comic with co-writer Brian Meredith), she was introduced to artist/producer Kyle Stevens. Over the next few months, writing and recording sessions took place in Seattle at The Orange Room studios and yielded three tracks..."Fall", "Ftang!", and "Blue Sky Thoughts". Combining a mix of Gigi's love of poetry/funky words and trippy/ambient sounds, and Kyle's melodic structures and songwriting; a sound was achieved that one could interpret to be in the vein of Sade, Bjork, and The Sundays. In November of 2007, Gigi debuted her solo artist debut "...So it Seems" live at Farscape Burbank 2007 with Kyle to a delighted and amazing crowd. Thanks for listening and helping pass the word about Gigi's new album, "...So it Seems!" Tags: pop
