Blues-flavored country folk rock with some nifty hooks and interesting lyrics that will be fun for the whole family. It's like if you put Neil Young, Johnny Cash, B.B. King and Bob Dylan in a blender. Eww. Um, maybe you'd better just listen. 12 MP3 Songs FOLK: Folk Blues, ROCK: Folk Rock Details: Lester is a singer/songwriter who's lyrical style has been described as "throwing a bucket of paint at a wall to see what happens." In reality, his songs are bluesy and his lyrics paint interesting pictures with unique turns of phrase. He combines the imagery of Bob Dylan's lyrics with B.B. King guitar playing, Neil Young's harmonica, and a Johnny Cash voice to create something that might be called CountryBluesFolkRock. Originally from Maine, Lester currently lives with his wife, two kids and four cats in the middle of Florida, which is exactly like Maine... just a hell of a lot warmer.
