South African pop: sax jive, mbaqanga, jit, chimurenga 9 MP3 Songs WORLD: African, WORLD: World Traditions Details: Just check out Bryan Baker's review: "Okapi's infectious take on this wonderful blend of African-Pop and related influences is a joy. It should be noted also that the sound here is impeccable, especially considering the total self-production aspect and the fact that most songs have a lot of elements going on throughout. Outstanding and highly recommended!"
