

## Mp3 Rosie Gaines - Caring

Rosie's Debut Album. 12 MP3 Songs URBAN/R&B: Soul, JAZZ: Soul-Jazz Details: A near-lost album of 80s soul from Rosie Gaines -- produced, arranged, and mostly written by Rosie with help from a few key associates -- and done in a nicely mellow style that has a deeper feel than most other work from her contemporaries! Instrumentation is definitely in the 80s mode -- with a fair bit of electric percussion and keyboards -- but Rosie's vocals aren't content with just sliding along with the rhythms, and have a deeply soulful range that you'll really like a lot, and which totally makes the record great. We've always been surprised that this set didn't push her onto bigger fame -- but over and above that mystery, the record's a great one that holds together beautifully over the years. People who are interested in Prince Aretha Franklin Chaka Khan should consider this download.
