Promo Sale Price \$6.90. Ethereal female vocals, complex drum machine patterns, loud ambient textures. 11 MP3 Songs ELECTRONIC: Drum 'n Bass/Jungle, ELECTRONIC: Pop Crossover Details: Judith - a Joy Divisionish IDM piece with ethereal female vocals. Suicide Spring - Guitar and bass driven IDM with male vocals and a very pretty ending. Maggie Evans' Acid - 2 TB-303s and a FR Revolution make a very dance floor-friendly track of acid. Memory Set #2 - Probably the most original piece on the cd. Vocoder loops and female vocals are set in a very unusual atmosphere. Sunless (808 mix)- The most accessible piece on the cd. A very retro-sounding combination of simple electronic drums, samples and guitar. Linear North - Happy electro-pop with a memorable melody. Marx and CocaCola - Noise art with some soft ambient parts. Engels and Pepsi - Very very noisy drum and bass. Wreck Hazy Star #9 - Inspired by the music concrete (pieces composed out of prerecorded material using complex tape-editing processes) of the 50s and 60s. AEM Acid - Piece using all 80s acid sounds but modern editing. Compte de Lautreamont - Electro-pop with male vocals.
