Re: Cashing In On Free Online Video Sites To Get More Website Traffic. Dear Fellow Marketer, Does it ever feel like it is getting harder and harder to get new, qualified buyers to your websites to buy your products and services? Does it seem like search engine optimization actually is rocket science and other traffic generation methods like pay-per-click or banner advertising are always costing you more money? If so, you're not alone. New Report Reveals An Amazing Source Bursting With Traffic That Few Marketers Are Using... Did you know that YouTube serves up over 200 million video clips per day? It's true...people are flocking to online video sites in droves, and they are watching so many videos, that even network television is worried that they'll become obsolete. It's so wonderful because barely any marketers really know how to use it as a promotional method. Simply put, creating 1 video promotion today can potentially get you hundreds of thousands of visitors to your websites in the future...And it's totally free because these sites pay for all of the bandwidth, hosting and traffic to your video promotion. alexa chart And that's why it's important that you learn about this new medium today...so that you can take advantage of it and advertise your products and services with short video clips, without paying any fees per viewer (Before it gets played out like all the other website promotion tactics). But Creating Those Promotional Videos And Learning How To Optimize Them To Get Thousands Of Views Is The Hard Part... It could take you years and can cost you a small fortune to figure out just the right video creation and promotion techniques that make some online video promotions work - while others flop.
