While I know that writing reviews on hot, in-demand products is one of the best ways to make money as an affiliate, I also know how hard it is to write up a professional review! Good news is that I have done all the hard work for you! Here are the features of each review article of my PLR pack:

1. Each article is thoroughly-researched from MULTIPLE sources, so that you won't find any of the typical "sloppy" review articles in my pack!
2. Each review article is about 300-400 words in length; in fact some of the review articles contain even more than 400 words!
3. A successful product review is one that looks credible. That is why, each review article contains a detailed profile of the product reviewed, such as-
 - a) Name of the product
 - b) Name of the product manufacturer
 - c) Brief background research on the product manufacturer, including the type of customer feedback received by the company on Amazon, contact information of the manufacturer, etc.
 - d) Salient features of the product
 - e) Pros and cons of the product, based on the customer reviews received by the product on Amazon Marketplace (note that customer reviews are not available for a few products, so this section may not be present in some of the review articles)
 - f) Conclusion
4. Each article contains the product's affiliate link at the very top, so all you need to do is to replace the special "AFFNAME" tag with your own Amazon Associates tracking ID. Don't worry, I explain how to do it all at the download page. ;-)

As you can see, I have made the articles very easy to customize. Thus, instead of wasting time in hunting for each individual product's affiliate link, you can spend that time in making money! :D

5. Most of the products reviewed are quite popular under the "Christmas" category of the Amazon marketplace! Thus, there is no worrying about throwing money down

the drain by promoting a dumb, low-converting product! ;-)

6. Lastly, even though these articles are meant to be used as product review articles, you can use them in many other ways, such as creating an ebook out of them, using them as part of your newsletter content or autoresponder ecourse, submitting them to article directories, using them as blog content, etc. Be creative, but please be sure to read the plr terms too! ;-)

Sample Article Extract From the Package -----xxxxxxxxxxxxxxxxxxxxx----- 2.5'

Potted Mixed Cashmere Pine Pre-Lit Artificial Christmas Tree #H89082 This tree looks very realistic with its two color needles - large cashmere bottle-brush in olive and darker PVC needles. The 50 pre-lit clear lights are strung on a brown wire, so they blend in nicely and there are pinecones attached randomly to the branches. The tree is set up in a metal one-gallon bucket, 6" wide at the bottom and 7" wide on top. From the bottom of the bucket to the very top of the Christmas tree, the height is about 30", with the widest diameter around 20". Great for a small area, an office, or a little table for accent.
