

Advances In Reasoning-based Image Processing Intelligent Systems

[DOWNLOAD HERE](#)

From the contents: Performance analysis and comparison of the Dirac video codec with H.264/ MPEG-4,
Part 10.- Linear and non-linear inverse pyramidal image representation: algorithms and applications.-
Preserving data integrity of encoded medical images: the LAR compression framework.- Image
Processing in medicine.- Attention in Image Sequences: Biology, Computational Models, and
Applications. EAN/ISBN : 9783642246937 Publisher(s): Springer, Berlin Format: ePub/PDF Author(s):
Kountchev, Roumen - Nakamatsu, Kazumi
